The Hospital

(continued from page 1.)

Incidentally it might be stated that very few of our citizens have visited the hospital and we are authorized to say that the matron would welcome any who might call and see what has been done for the cause of suffering humanity.

In making public the financial statement the board wish to mention that many donations have been made of articles for the use of the institution besides the cash donated. Several beds have been donated and articles too numerous to mention have been given and the board wish to thank those who so kindly came to their assistance in this manner. — Contributed.

Long Beach Items

A number of the Long Beach people attended the Standard dance on Thursday night.

Ray Schooling and Roy Hulton left on Friday for their homes in Missouri where they expect to spend the winter.

Among those leaving for Calgary on Friday were Miss Elsie Christensen and Clara Paulsen.

Mr. and Mrs. Drydale and Miss MacIvor spent Sunday at Frank Watson's.

It is surely very inconvenient to have the train so late, both Mr. Drydale and Mr. Francis had to spend the day in town in order to see the train leave.

A WESTERN FAVORITE

It is said the Family Herald and Weekly Star of Montreal reaches over ninety thousand homes in the four western provinces each week. There must be a reason for this. The reason is not hard to find. To farmers in this Western Country The Family Herald and Weekly Star is regarded as almost indispensable and each issue is worth to them more than the whole year's subscription price. It is most wonderful production of a weekly newspaper, family magazine and agricultural journal. It costs only \$1.25 a year (after December 31st the price we understand will be \$1.50) and each subscriber receives free a large handsome portrait of the Prince of Wales, 16x22 inches. It is wonderful value and no home in the west should be without it.

Rockyford Reflections

John Mitchell's barn is a busy place these days. Every stall is filled and many a night doubling up if necessary. Plotkins and Burgman are both putting on weight again. Reason (A new house keeper.)

Mrs. Chas. Griffiths accompanied by her daughter and son, Mary and Edward returned home Tuesday after an extended visit at Innisfail.

The National Cafe (formerly the White Lunch) is undergoing a complete change under the new management. Opium Hong and his side kick figure on throwing open the doors to the public in the near future by giving an oriental ball. Invitations will be issued shortly. Get your name on the list, bunch.

Mr. and Mrs. Frank Layden left on Thursday evening for Honolulu to spend the winter months. Stop offs will be made at different points in Kansas and North Dakota on the way back.

Another firm will shortly be added to our business list. A Calgary real estate firm has rented half of Lizotte's hardware and will open for business shortly.

Jim Hurst has joined the local council of the I.W.W. It seems queer to see Jim going around in his celluloid with his hard front shirt. From reports he is looking for a job in the white collar brigade.

Carl Johnson and Fred Treadwell our well known snooker crabs and hunters returned home on Saturday last. We are sorry to state that outside of seeing a timber wolf (may have been a poodle dog) the trip was a total failure.

It is rumored that Miller and Clemens are purchasing Kaughman farm just west of their Home Farm the consideration has not yet been disclosed. Owing to the late arrival of the train last Wednesday the dope for last week's paper was delayed, thereby causing the late arrival of last week's issue.

Mrs. Sanderson of Ardenode spent the week end visiting the H. C. Best ranch.

The Crown Lumber Co. is sure receiving some lumber those times a car every day.

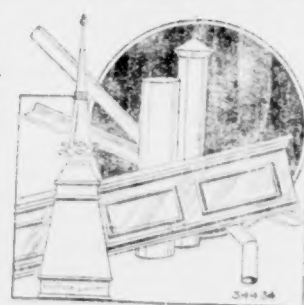

The minute the temperature drops bingo goes the C.N.R. time table No. 13 on Monday was ten hours late and again on Tuesday six hours late.

For Particulars

Local Notings

Strathmore Woman's Institute will hold their annual meeting and election of officers on Wednesday, December 17 at 12 o'clock in the basement of the Methodist Church.

The Hospital Board are promoting a dance on behalf of the Hospital Funds on Friday of this week in the Opera House. The well-known Orchestra are providing the music, and a big attendance is looked for.

Mr. Arthur Mertens has purchased Mr. C. V. Norton's farm of 200 acres. The deal was made through Mr. H. B. Seymour.

You will find the ads in the Strathmore Standard a big assistance to you in doing your Christmas shopping.

Those who trip to the big fantastic too should not forget to date to be held on Dec. 17 by the Ladies Jazz Orchestra.

Mr. D. F. Bolevans has been confined to his bed for the past week by an attack of acute rheumatism.

Someone has sent in a "A Job on Christmas Eve." The sender or the perpetrator does not send his name therefore we cannot publish it.

Also (possibly on account of being Scotch) we cannot see the point, but if published the joke might be on us.

Rev. Canon Montgomery's daughter has been ill in Calgary Hospital for some time past, and during the week end underwent an operation for appendicitis. The Canon and Mrs. Montgomery went up to Calgary on Saturday, the Sunday service being taken by Archbishop Hayes.

Mr. Chas. O'Hare was here on a visit from Blackie last week.

The annual meeting of the Strathmore Red Cross Branch will be held in the Methodist Church on Tuesday evening, December 16th. The question of the continuance of the work will be taken up. It is felt that even though the war is over there is need for the kind of work the Red Cross has been doing, and it is there fore hoped that all the members will do their utmost to attend. The Provincial Convention takes place at Calgary on the 16th and 17th inst. Mrs. McElhose and Mrs. Brand being the local delegates.

Mrs. H. A. Bosh of Strathmore has left for a trip to Vancouver B. C., and on her return will join her husband at Drumheller.

A special meeting of the Anglican Ladies' Guild will be held at Mrs. Berry's Parlour on Friday afternoon next, at 2:30 p.m. As there is important business to be settled members are urged to be present.

Much enthusiasm has been aroused in the town over the big Jazz Dance to be given next Wed. by the Clarinet Ladies Jazz Orchestra. Many parties have been arranged and it is anticipated that the night will be looked for. Supper will be served 10-12 p.m.

The Town Council held a special meeting on Saturday afternoon, with Mr. Payne, who is in charge of the collection of tax arrears, present. An effort is to be made by every legal means to reduce the present volume of arrears. These uncollected taxes have been a detriment to the town's progress for several years, and now that a determined effort is to be made to determine whether they are an asset or a liability to cash or not, it should put a stop to those who have been grumbling, and without any reason while they were paying their taxes, others were getting off scot-free.

The Strathmore G.W.V.A. will hold their regular meeting and election of officers in the Town Hall on Tuesday evening, December 16th.

The Boscail Dance held on Friday evening was not well attended, probably because of very short notice being given, and also the fact of the Oddfellows Social being held the previous evening.

"Bouty" Metzger is now up at St. Albans, and writing and hoping to inform us that D. A. Waddy will be down at Strathmore this weekend on a visit to Percy, but not to store about an official welcome from the Mayor or turning the town band out for Arthur is too considerate of the health of our local dignitaries to have them turn out this kind of weather.

BORN on Wednesday, December 2nd to Mr. and Mrs. F. W. Griffin of Blackie, a daughter.

W. M. Marshall desires to thank the Ratepayers of Strathmore for their expression of confidence as evidenced in the result of Monday election.

ELECTION COMMENTS.

Strathmore's Mayor may not be up-to-date in all respects, but he has the election business down to a fine art. He was right on the job soliciting votes for his favorite candidate all day, and that candidate can thank the Mayor for his seat.

There are quite a number of residents of Strathmore who could have voted yesterday if they had only taken the trouble to have had their names put on the roll some weeks ago. Under the new Act the wife of any ratepayer, or his son or daughter can vote, if they apply to have their name put on the roll. It is too late now for the Municipal election, of course, but those who are living in the rural municipal districts should see that their names are on the roll before the election in February.

With regard to Mr. Marshall, who rolled up such a large majority in the election on Monday, there are those who objected to his name being on the list of candidates at all, but the votes show that the public desire is to have him a member of the governing body of the town. Mr. Marshall, since coming here, proved himself a good business man, and likeable personally, and he has shown Strathmore what a real drug store looks like. If he can introduce the same amount of pep into the town affairs as he does in his own business things should look up locally. After all, the question is not how much taxes you pay as what you get for them, and we believe the people would rather pay more in taxes, and get modern conveniences, than pay as at present and get nothing. The modern utilities proposed could be self supporting, and should not lead to more taxes.

SOLDIERS' WIDOWS

We hear much about what is being done for the widows and orphans of soldiers who have died, but really what is being done is only what was undertaken to be done when the soldier enlisted. In some cases, however, red tape has prevented even that being done. There is one soldier's widow here in Strathmore who is not receiving any pension whatever from the Dominion Government. At present she is subsisting on a grant from the Widowed Mother's Pension Fund and a small grant from the Patriotic Fund, in both of which grants there is no security of continuance. Her husband was over with 82nd, Battalion, was severely wounded while with the 21st, sent back to Canada and discharged with a small pension, also a wounded leg and bronchial trouble. Shortly after he was discharged he took the flu and died. There is no doubt that his claims of service against the flu were greatly lessened by his experiences in France, but notwithstanding this his widow cannot obtain anything from the soldiers' widows pension funds, though she has applied through various channels. We do not think that the country's responsibility to the disabled soldier and his dependents ceases on his discharge, and we do not think that people generally are of that opinion either, but Government Departments are hard to move. Strathmore G.W.V.A. are taking the matter up, and will try to get the wrong remedied, but we think that it is up to every resident to raise a protest against this treatment of a soldier's widow.

THYRA JENSEN
Age 4 years, 5 months and 25 days.

A sad event in the community was the death November 25th, of Thyra Jensen, the four year old daughter of Rev. and Mrs. J. K. Jensen. The little girl had been ill with pneumonia for about two weeks previous, and until two days before her death her recovery had been hoped for. She was a child of sweet and sunny disposition and leaves behind her only the pleasant memories, and will be missed by all who knew her. The funeral service was conducted by Rev. Jensen on Friday afternoon at one o'clock in the Lutheran church, and was followed by the interment in the Standard cemetery. We extend to Mr. and Mrs. Jensen and family the sympathy of our sister community.

That Christmas Feeling

I've been an awful dunce in school.
Today, and this is why—
My head's crum full of nothing else
but Christmas and mince pie.

When I come home from school to
night
There was the nice's smell
Afloat in the hall-way,
But I couldn't rightly tell
For just a minute what it was,
An' then I hollered "WIRE!"—
Per it was Christmas cake, an' Ma
Had saved the dish for me.

An' when I'd licked it clean as clean
I gave another "WIRE!"—
An' scared Ma most to death I guess.
For she turned round to me
An' give me quite a cuffin'.

An' says, "Land make o'day!
An' tried to quiet down,
But couldn't seem to do it
An' thought I'd go down town.
An' it was snowin' soft as soft,
An' all the stores was lit;
An' full of toys an' bells an' things;
It didn't help a bit

To squelch the 'tired feeling'
That 'yer husband' up in me—
An' says to Dad, "Now Dad,
You'd best speak for our turkey
While there's good ones to be had.
Be sure an' get a plump one.
Per it's just a waste o' time
To craft a bird an' roast it
If it isn't nice an' prime!"

An' soon as I heard "turkey"
I thought I had to squeal
But didn't, cause my Dad went snore
For yellin' at a meal.

We've even got our Christmas tree
Yard again use it, say!
It's higher than the ceiling!
Er as high as, anyway.

That's why I've felt so Christmasy
The whole o' this here day
I can't believe the twenty-fifth
Is two whole weeks away.

Oddfellows' Social

(continued from page 1)
especially in North America. The mem-
bership was now over two millions,
and it would be an advantage to any
man to ally himself with a body that
had the aims and the objects of the
Oddfellows, and had done what they
had accomplished. This toast was re-
sponded to by Mr. E. E. Zerkle, who
though not an Oddfellow spoke feel-
ingly of the good which the Order had
done.

The Chairman, in his concluding
remarks, said that the Lodge had been
in somewhat a financial condition
during the war, so many of their mem-
bers being away, of those four had
been killed, and quite a number wound-
ed. They were now improving their
financial condition, and many of the old
members were back again. The Lodge
was one of the best assets on the town,
and no man who joined them would
ever regret his having done so. He
concluded them to take this opportu-
nity of joining up.

The singing of "Auld Lang Syne"
constituted a very enjoyable evening.

The thanks of those present are due
to the Oddfellows and to the artists
for the fine evening's enjoyment that
was provided.

Hervey Items

Next meeting of the Hervey local
will be held in the school on Dec. 15th.
It is very important for all members
to attend as the business will include
nomination of officers for 1926.

The Cheviot local have sent an in-
vitation to Hervey U.F.A. members to
attend a meeting at Cheviot on the
15th, at 8:00 p.m., special speakers
from Calgary and refreshments pro-
vided.

Threshing is progressing in this dis-
trict in spite of the weather.

Dalemead

The local U. F. A. held their first
meal in the new hall, and Messrs.
Fred Davis, M. L. A., and T. A. F.
Prost addressed the meeting. Fred
Davis declared, during his speech,
that he was a strong supporter of
the U. F. A. political movement and
also that he was heartily in favor
of prohibition. Mr. Prost in his re-
marking gave a very interesting
tale on "What Canada is Doing
For Her Returned Men." Both
speakers were well received, and a
vote of thanks, moved by L. Mc-
Kinnon, was heartily sustained by the
crowd. A band of music was pro-
vided by two well known men, and
the rest of the very enjoyable
evening was given over to dancing.

The Social Club had a splendid turn
out to a venison supper and turkey
dinner. Some 40 turkeys were dis-
posed of, and the supper was an extra
good one. The officers of the Club
and members to Mr. C. H. Harty, of
Macleod, Ill., who donated the veni-
son, and the ladies who supplied
the rest of good eats. The Club is
a thriving success. Come over next
Wednesday and have a game of
cards or pool.

The people of the district are ap-
parently appreciative a cash more like
them.

Filling His Own Shoes

"Oh, yes, I know all about that," said Ruggles. "But don't you see that's his brother-in-law is about there—these—? He joined and the other, I flamed in his life."

"About the girls? Yes, I know all about that. You're their guardian and sole trustee. What of it?"

"Oh, Lord!"

Miss Elliot dropped her flushed cheeks. Ruggles regarded her with a mixture of resentment and relief, resentment at her laughing over a matter which caused him such mental anguish, and relief that he was apparently saved.

"I don't know in serious conversation, Miss Elliot raised her head and looked at him with burning eyes."

"Please don't mind my laughing," said she, "but it does seem to me."

"I wish it hit me that way," Ruggles answered, a little bitterly. "What in the dickens am I going to do with her?"

"You never had eyes on her," said he. "I don't know you from Adam. When you told you saw her."

"Hand Paul, himself. You see, Mr. Ruggles, we're both in the same boat, more or less. I'm the captain. Hand Paul's idea was that the girls should be given up to the inmates of mental conditions, just as though they were epileptics or English or French. He considered them only as a nuisance."

"Then, as I take it," said Ruggles, "you were Miss Elliot's man to blink and her high color, and her eyes."

"Indeed from Ruggles's face, there was a blinding flash, and he was silent for a moment or two, and said Ruggles was."

"Then, as I take it," said Ruggles, "you were Miss Elliot's man to blink and her high color, and her eyes."

A Nervous Wreck

BY DR. R. L. GRANT

How many business men feel fagged out, nervous, with a "soggy brain" — worn out completely because the day and its tremendous tasks are half over? Try the right way!

Clean the body first. That will help your nerves, your head and your circulation. Your doctor will tell you that anything from a headache or a common cold to gripe or a serious illness may result from allowing food to ferment in the intestines. Don't give the body a chance to absorb the poisons. Remove the toxins from the system and the doctor will find the body less resistant to disease by taking an occasional laxative such as castor oil, or a tiny pill made up of May-aple, aloin, jalap, and sold by most druggists as Dr. Pierce's Pleasant Pellets.

The kidneys and bladder suffer from the wear and tear, and we get chronic inflammations sometimes indicated by backache, painful voiding of water—dull, heavy feelings. Perhaps the urine is stored up in the system in excessive amount, and consequently when the urate salts are deposited in muscles and joints one suffers from lumbago (pain in back), rheumatic pains, gout, etc.

Nothing will act so nicely as "Auric" (anti-uric acid), a recent discovery of Dr. Pierce's which can be had at all drug stores. "Auric" washes out the poisons, cleanses the bladder and kidneys—rendering them antiseptic—consequently one is soon cured of lumbago, rheumatism, gout, and the body is put into a clean, healthy state.

and get me respectfully married off."

"Precisely," said Mr. Elliot, "I'm teaching her eyes with his handkerchief."

"What do they think about the scheme?" Ruggles demanded.

"They're crazy about it," Miss Elliot bit her red lower lip. "Let me tell you, Mr. Ruggles, that they are merely lovable, immature children for their future, they began to hang on to me and to drag their hands, just as though I'd promised them some sort of a treat. I explained to them that they must be very careful not to make any request or demand, as it was now for me to say what they were to have and do. When they were told that you disapproved, it might go very bad for them. They're frightened about me to death at the mere mention of my name."

"Good!" Ruggles muttered.

"You see," Miss Elliot continued, "you are their benefactor. I have given them no actual threat, but I've given them to understand that they'd better be good if they want to be happy. I'm sure I shall have any trouble with them."

to return. He would not himself care to be the person to interfere, he thought, as he took note of the vital case with its steady, comprehending eyes and resolute chin.

"Get but my name first let feel the case," he said. "I will not let you see money; it would have no effect."

Miss Elliot understood encouragingly. "Well, are you sure you're not sorry any more, but to get well as fast as you can?"

Mr. Ruggles, who are both in the Hamid Park left over in his will about twenty-five thousand dollars, with the request that I continue to act in the capacity of governors, for which I am to be paid one hundred and fifty dollars a month by the trustees of this estate. Your position is, of course, a little different one, because you are nothing more to gain in a financial way by devoting yourself to the carrying out of his wishes."

Wash Day and Backache

WASH day is the least welcome day of the week in most homes, though sweeping day is not much better. Both days are most trying on the back.

The strain of washing, ironing and sweeping frequently deranges the muscles. The system is poisoned and backache, rheumatism, pains in the ribs result.

Dr. Ruggles said: "The strain of washing, ironing and sweeping frequently deranges the muscles. The system is poisoned and backache, rheumatism, pains in the ribs result."

Protection By Flood Lighting

Unexpected Result of the London Royal Bazaar

One unexpected result of the London Royal Bazaar strike was to introduce flood lighting to the British public. At the Hyde Park with flood searchlights were employed to assist in transport and in loading and unloading. The ordinary army projector is rather a crude device for this purpose, although it served very well in an emergency. The other application was of a more orthodox character. The roads alongside the Royal Bazaar, however, were not so well lit as the Hyde Park with flood searchlights which enabled the sentries to scrutinize everybody and everything, that came near the buildings. Whether any trouble was contemplated by the strikers or not, the flood lighting was an effective discouragement to any tendency in that direction.

Banking Confidence in Alberta's Future

Thirty-three years ago we commenced business in Alberta, winning the distinction of being the first bank to establish in this Province. It was at once an expression of our confidence in the future of Alberta as a province that has been borne out by our rapidly expanding system in an effort to secure the most possible measure of banking accommodation.

BUY AN IRRIGATED FARM

FROM THE CANADIAN PACIFIC RAILWAY

Irrigation makes the farmer independent of rainfall, and insures good crops, and eventually, high yield per year. The Canadian Pacific Railway is now offering the privilege of a loan of \$5,000 for improvements (6% interest) no principal after first payment until end of fourth year, reduced interest if settlement conditions are complied with and no water rental for first year. Contract can be paid in before maturity if desired.

This is the most liberal offer of irrigated farms in Canada. For full particulars, apply to: ALLAN CAMERON, General Supt. of Lands, Canadian Pacific Railway, Dept. of Natural Resources, 602 First Street E. Calgary, Alberta.

"Here They Come!"

It is the cry of the children when a hand is heard far down the street. Nearer and nearer it draws until each note becomes clearer and clearer.

To those in the city this is a familiar picture. But to those residing in suburban towns stirring strains of bang music are more rare.

The NEW EDISON

"The Phonograph with a Soul"

In your home makes it possible for you and your children to have at all times the wonderful march music that has inspired the world.

Wherever you live—on the farm or in town—let the New Edison bring the parade, with all its glamour, into your living room, every instrument, every note as clear as a first hand—thanks to the genius of Thomas A. Edison.

We tell a wonderful story about the New Edison in a beautiful book that you should have. It is called "Edison and Music." Ask for it; and also for "What the Critics Say."
